### **Confidentiality Statement**

I understand that my work as a volunteer, home visitor will involve me in an intimate way in the personal lives of those people whom I seek to support. The close relationships I will develop with the family members will acquaint me with facts and feelings, which they may not readily share with others. The sharing of this personal information is privileged and confidential.

I am expected to maintain a weekly **Volunteer Log** to keep track of my hours as well as the types of service I am providing. This information is not to be shared with others.

Even in the privacy of my own home, discussion of the intimate and personal details of the people whom I seek to support could violate the confidential nature of my relationship with a family. I must be aware that trust is essential in building relationships with the family I serve. My service is built upon the family's faith in my discretion and consideration of their privacy.
