

Approved: 10 June 2009

**Conservation Commission
Dana Pasture-Site Visit Meeting Summary
May 11, 2009**

Present: Judy Reeve, Doug McIlroy, Bill Baschnagel, Vicki Smith, Tom Linnel, Elisha Huggins, Peter and Kay Shumway

Kay Shumway generously provided all participants with bug repellent. Peter Shumway and Elisha Huggins led the group around the property. In some cases the group walked on trail. In other cases, the group bushwhacked through the woods. Outstanding features were the open fields maintained by Elisha, the old stone walls, the wildflowers and lush vegetation and the beaver pond where beavers who eat out of Kay's hands live.

The walk lasted about 2 hours and the group disbanded around 5 pm.

Respectfully submitted,
Vicki Smith Scribe
