If you are not recycling.... you are throwing it all away!

Recycling at the Lebanon Solid Waste Facility

There are a number of items that can be easily recycled. Residents are asked to rinse containers, remove caps and place items in the appropriate bins.

Glass – All glass is acceptable. Mix cups, windows, mirrors, bottles and containers. Please, NO light bulbs or tubes.

Plastic – We accept ALL plastic bottles (1-7). All plastic accepted for recycling in a container with a neck. If the container does not have a neck...we can not recycle it.

Aluminum – Beverage cans and some cat food cans. Use a magnet to be sure it is aluminum. If the magnet doesn't stick...it is aluminum.

Steel Cans – Tuna fish cans, cat food cans and other food cans.

Cardboard – Thick brown cardboard. This category will include cardboard boxes, cereal and shoe boxes as well as brown paper bags.

Mixed Paper – If it rips...it is paper. Junk mail, magazines, newspapers, soft cover books, phone books, computer paper, and notebook paper.

Fluorescent Bulbs – All sizes. Households Only. See attendant for assistance

Used Books – Books in good condition can be left or taken off of the book shelf.

Rechargeable Batteries – Rechargeable Only. Regular household batteries are considered solid waste and can be disposed of with regular trash.

Automotive Batteries - See attendant for assistance

Used Motor Oil - Home owner generated motor oil only. Do not mix with gasoline or antifreeze.

Household Hazardous Waste

Household Hazardous Waste (HHW) includes items such as paint, pesticides, fertilizers, cleaners, thinners, motor oil and other chemicals that are used by home owners.

Latex paint should be hardened (using kitty litter or saw dust) and disposed of with regular trash.

Do Not dispose of these items with your regular trash. If you have any questions please contact the Lebanon Solid Waste Facility at 603-298-6486.

Electronics

Television and computer monitors can not be disposed of in the landfill. These items contain lead, mercury and other heavy metals.

TVs and computer monitors can be recycled. Please see the scale house attendant for specifics.

Mercury Containing Devices

Items such as thermometers, fluorescent bulbs, thermostats, and some batteries contain mercury. These items can not be disposed on in the landfill. Please see attendant for recycling options and assistance.
