Important: We need to know **now** if you would like a **winter share**. Even though next winter seems so far away, we are ordering seed and planting for those crops now. Let us know, so we know what to grow!

For more information about shares, see brochure. If you still can't decide what size share for your household, call Suzanne at Luna Bleu: (802)763-7981.

NEW—SLIDING SCALE! We want to continue to make good food available to people of all income levels. Still, we know our prices have always been on the low side and we need to sustain our farm and our farmers. The "Basic Price" most closely reflects the actual cost of the produce, with a discount on farmer's market prices. The "Sustaining Price" gives a little more to the farmers and helps our neighbors who need the subsidized price. Choose the price that is comfortable for your household, there is no "right answer". Remember, we also offer half-priced shares to households with low-income or special circumstances through NOFA's "FARM SHARE" program.
