Dear Selectboard members,

I am an active voter in the town of Norwich.

I support the Town Manger form of government for Norwich, as has been confirmed by two separate committees.

I support Pete Webster and the renewal of his contract.

He has done many positive things for this town including the most important, being a constant in our local government. The town run departments would not be as excellent as they are without the strong leadership he has provided.

Do not let me down. Renew his contract!

Regards,

Claudine Louis
