To the Select Board: Having just returned from the Town Manager Forum held at Tracy Hall, I was struck but not surprised by the strong show of support for the retention of our Town Manager, Pete Webster. Over 85 concerned citizens turned out and participated. There was overwhelming, in fact, unanimous support in his favor. Now we all recognize there are two sides of every issue but this many people cannot be wrong. I am sure he has some flaws in his style or whatever as he interacts with the Select Board but that is something that could and should be worked out. I suspect that a lot of the problem arises from continued fizziness about the respective roles of the Town manager and the Select Board. We could not do better than Pete and I would urge the Select Board to extend his contract for another three years. Thank you. Bill Pierce, 192 Willey Hill Road
